* You must register your camping family by signing our liability waiver. All visitors and camping guests must check in at the store and pay their appropriate visitor/camping fee. Please remember, having a seasonal site does NOT mean that visitors can stay for free.

* Whiskey Creek Trail Permits are included in your seasonal camping rates. However, if you have any guests, their trail vehicles must obtain a \$5.00 permit per vehicle per stay.

* Site and camper "upkeep" is your responsibility. Your site and camper should be clean and clutter free. A community lawn mower is available and camper cleaning can be requested and scheduled in the camp store. Please gain approval from Chad and Danielle before adding or storing to your site.

* Your electric meter will be read the 1st of each month and will be calculated and invoiced to your email address on file. You may pay your electric bill online or in the camp store within 14 days. We appreciate timely payments.

Current Seasonals: To remain on your current site a \$350 non-refundable deposit must be received by November 30, 2018. An invoice will be sent to your email address on file. The site will be considered available on December 1, 2018 if a deposit is not received. The remaining balance of \$1500 is due in full by April 1, 2019. The site will be considered open for the season and we will begin booking it if the payment is not received in full by April 1, 2019, no exceptions.

Potential Seasonals: Available sites will not be determined until December 1, 2018. You may place a \$350 deposit down to request a site, by filing out the form below. If your site request is unavailable your deposit will be considered for any available site. Once a site is assigned to you, your deposit is non-refundable. The remaining balance of \$1500 is due in full by April 1, 2019. The site will be considered open for the season and we will begin booking it if the payment is not received in full by April 1, 2019, no exceptions.
